**GULF COAST WASTE DISPOSAL AUTHORITY  
ANNOUNCES EXECUTIVE PROMOTIONS**

HOUSTON, May 11, 2016—Gulf Coast Waste Disposal Authority (GCA) General Manager Ricky Clifton today announced the promotion of two of the organization's executives, effective immediately.

Former Operations Manager Lori Traweek has been elevated to the new position of Assistant General Manager, GCA's second-highest leadership position, under General Manager Ricky Clifton. In her new role Traweek is responsible for Operations, Facility Services, Financial Services, the Central Laboratory and Human Resources.

Scott Harris has been promoted to Manager of Operations from Bayport Facility Manager. GCA's Bayport, Washburn Tunnel/Vince Bayou and 40-Acre/Campble Bayou facility managers will report to Harris. A search is under way to fill the now-vacant Bayport Facility Manager position.

GCA has been providing regional wastewater treatment solutions to the State of Texas for more than 45 years. Its mission is to protect the waters of the State of Texas through environmentally sound and economically feasible regional waste management practices.
